### Nana Star Review & Giveaway!

I love toys that are as sweet as they are unique. Nana Star is one of those toys that Boug has fallen in love with. I have to admit that I have too, Nana Star is the story of a little girl's goal to bring a little star back to the heavens where he wants to be. We also got the story of Nana Star and the Moonman, which is the continuing story of the little girl who became Nana Star trying to get the little star back home. Though she's scared, she learns that the Moonman is there to guide and help her.

These two books have become Boug's favorite two bedtime books and she totes around her Nana Star doll all day around the house. Boug was super sweet and wanted to share with her brother, and gave the singing Moonman lovey to him and he's grown quite attached.

The Nana Star books are beautifully worded, with gorgeous illustrations and these books are ones that we all enjoy. Receiving more than 10 awards to date, Nana Star is also highly recommended by our household!! You can order your Nana Star products from the Nana Star Store. These are perfect gifts for little ones that are definitely going to bring a smile!!
