

Nana Star Review and Giveaway -Ends-1/1

The logo for 'Nana Star' features the words 'Nana Star' in a colorful, cursive font. The letters are outlined in blue and filled with various colors like pink, purple, and yellow. A small registered trademark symbol (®) is located at the bottom right of the word 'Star'.

I received the beautiful [Nana Star](#) the other day, and the [Nana Star](#) book. This doll is just too precious for words. The [Nana Star](#) book is absolutely wonderful, it's a great story and my children just loved to listen to me read it to them. I am so impressed with the story of [Nana Star](#) and the story of the company! It's just beyond words. Any child would love to have this doll and book.

To those who knew and loved her, Elizabeth Owens was the real Nana Star. Born February 1, 1924 in Baltimore, Maryland, Elizabeth had three children, five grandchildren and five great-grandchildren.

Elizabeth had a very special relationship with her grandson, Vance. Together they stood by the bedroom window at night gazing at the stars. Vance often asked his Nana, "Is the Moonman really out there?" Nana told him that the Moonman was always there for him. When Vance moved away, Elizabeth sent him hand-crafted cards made of construction paper and illustrated with numerous darling characters, drawn with markers and decorated with colorful stickers. She became "Nana Star" and, with the Moonman and many other friends, watched over Vance. This was Elizabeth's way of showing Vance that she was always with him.

Over time, an enchanting collection of thoughtful cards and remembrances inspired by Nana Star came into being. The characters in this sweet and endearing collection touched the hearts of everyone who saw them.

Now the next generations are involved in sharing Nana Star's magic through a picture book series and toy collection. Linda Saker, Owens's daughter, is the series illustrator; her granddaughters, Elizabeth Sills and Elena Patrice, write and publish the Nana Star stories; and her five great-grandchildren have contributed inspiration to this special undertaking.

Elizabeth created Nana Star out of a great love for Vance and a desire to give him a sense of home wherever he was. Today, we hope to extend that same love and feeling of belonging to children everywhere, in dedication to Vance, who now dances among the stars - with his Nana.

Elizabeth Owens grand-daughters are who brought this story to life.

With an amazing book and beautiful plush toys. Truly a beautiful story that all parents should read to their children. What's even better is Nana Star stories and songs are interpreted in sign language for even more happy learning. Every child can get the chance to know Nana Star and have the story read to them. Their first and most important initiative is the Nana Star Foundation, dedicated to two main causes: helping make life easier for children attending under-resourced, inner-city schools and for terminally ill children.

A portion of all [Nana Star](#) product sales goes directly to the Foundation.

Through the Nana Star Foundation, we wrap hope around books and toys for thousands of children who need a reason to smile. In addition to donations to charitable and social action organizations,

we routinely give Nana Star books and toys to schools, libraries, and hospitals throughout the country and around the world.

As many of you know I fully support companies who aren't just out for themselves, but for children. This is one of many reasons I love [Nana Star](#).

[Nana Star Posable Doll](#)

The world of Nana Star brought to huggable, snuggable, lovable life!

Just right for playtime, storytime, and bedtime.

The sweet and oh-so-very-pretty Nana Star doll is crafted with love and special attention to details that Little Twinkles will appreciate. She even comes with the baby star for them to care for!

OR.....

[Moonman Lovey](#)

Made to be loved to pieces, the Moonman lovey glows when Little Twinkles cuddle him and plays a sleepy "luvaby" when they hug his tummy! He's a comforting presence as they drift off to dreamland.

HEY WAIT! DONT GO JUST YET!!

So hello, its angela!

I received my Moon Man today in the mail. Um 1st off... way to go on the fastest international mail in history..wow! If they ship that fast to me, i can only imagine to YOU.

So hubby opened the box, because you all know that hubbys think everything is for THEM or they just want to play with whoevers toys they would be for LOL.

So ..back on track..We open the box and there sits the CUTEST doll ever. And hes a pretty big size too! His little song caught my littlest daughters attention right away. She loved that he glowed as well. Which worked out perfect because it was bed time as well.

So we sat and read the book. Well if you pay attention to the 1st few pages, you will read that there is a mistake in the book....On purpose! The creators of Nana Star believe everyone makes mistakes, and only the lord is perfect. I So Agree! What a great value for children as well....Ok so , We star reading the book about a little baby star who falls from the sky and needs to find his way home. Well Nana Star finds him and scoops him into her pocket till she can get him home. Buts shes very scared in the dark night, until Moon Man comes out and is so bright.....Hey hey now, im not giving the whole book away..You need to buy one or win one lol. Its definately worth the read. Plus how can you resist that cute head on Moon Man.

Oh by the way, about that mistake...If you truely read the book, you will find it. Find it and write the company...You will get a nice surprise! Hint...It's a COLOR.

Ok so overall...A+ for cute story, Values, and a loveable Moon Man. ~ ~Angela

Authors Elizabeth Sills and Elena Patrice developed the world of Nana Star, comprised of a picture book series and plush toys, based on magical characters created by their grandmother years ago.

I'm impressed by the awards Nana Star has received, including the Mr. Dad Seal of Approval. And the book was a Mom's Choice Award Finalist. I'd choose the Moonman Lovey - if I were a baby, I'd certainly want to cuddle with him.

I love that the Nana Star Foundation passionately helps make life easier for children attending under-resourced, inner-city schools and for terminally ill children. That, to me, is highly commendable!

And, I love the Moonman Lovey!

Thanks so much for this give~away! :)))

Nana Star has won 10 awards, among them the Dr. Toy Best of 2008 award.

I'd like to win the Moonman Lovey for my son (because these books are for boys too!)

Oh this story touched my heart! I am a grandma to 7 but my six year old grandson and I have a very special relationship too. I love that a portion of their proceeds go to the Nana Star Foundation which is dedicated to two main causes: helping make life easier for children attending under-resourced, inner-city schools and for terminally ill children.

I would love to win Moonman Lovey. Before we say goodnight I always tell him (and all of the other grandchildren) that I love them "To The Moon and Back".

Thanks so much!
